DVBE & Small Business Certified #0038570

Moonrise Ridge Consulting provides computer service and repair to small businesses and home users. From Windows to Linux, networking to software and hardware troubleshooting, installation and computer repairs to system consulting, we are your IT department and can help no matter what your needs.

At Moonrise Ridge, we offer complete documentation on all of our work, and even better, we'll explain it! We guarantee your satisfaction for everything we do, and can provide you with any and all services you may need. If we can't do it, we'll find you someone who can.

A full service systems company: system design, networks, desktop, server and printer sales and service.
